prothrombin gene expression and calcium oxalate stones 666
kidney
gas-filled matrix stones of renal pelvis (case report) 770
long-term results of intrarenal surgery for branched calculi 796
prothrombin gene expression and calcium oxalate stone formation 666
unusual neurological complication of staghorn calculus (case report) 322
prostatic (case report) 645
ureteric
method of treatment of lower-third stones in female patients with cystocele (point of technique) 159
treatment of mid- and lower stones: extracorporeal shock-wave lithotripsy vs laser ureteroscopy 31
use of rigid ureterescopy in pregnant women 678
Subfertility, male
antisperm antibodies and (correspondence) 935
outcome of varicocelectomy in men with absent ot atrophic right testis 750
Substance P receptors in bladder biopsies in patients with interstitial cystitis 224
Sutures
needle-pusher for urethral suture placement in urethrovesical anastomosis (point of technique) 488
pledgeted, parencymal compression in partial nephrectomy (point of technique) 630

Tamm–Horsfall protein, expression in stone-forming rat models 14
Tenascin: expression of periglandular tenascin-C and basement membrane

laminin in normal and neoplastic prostate 844
Teratoma
benign, urachus (case report) 760
growing teratoma syndrome (case report) 648
Testes
atrophic/absent, effects of varicocelectomy on fertility 750
bilateral crossed ectopia with unilateral absence of vas deferens (case report) 504
cancer
Leydig cell tumour as cause of male infertility (case report) 651
management in Britain 513
pulmonary metastases, wedge section using vascular staple device (point of technique) 911
retroperitoneal lymphadenectomy for post-chemotherapy residual masses 295
metastatic germ cell tumours: extraperitoneal surgical approaches 301
crossed testicular ectopia with knotting of cords and testicular fusion (case report) 924
massive cystine accumulation in patient with infantile nephropathic cystinosis (case report) 331
spontaneous anticoagulant-induced haemorrhage mimicking testicular tumour (case report) 777
temperature sensitivity of primary spermatocyte DNA synthesis in immature mice 880
'tumour' of adrenogenital syndrome as cause of male infertility (case report) 649
undescended, effect of orchidopexy on spermatogenesis 290
Thermotherapy, microwave *see* Microwave thermotherapy
Tolterodine
effectiveness and tolerability in overactive bladder: comparison with oxybutynin 801
efficacy and safety in detrusor instability 42
Training, urological, in United Kingdom: contribution of research 193
Transforming growth factor-β, Peyronie's disease 445
Transforming growth factor-β_1, serum concentration in prostatic cancer and benign prostatic hyperplasia 403
Transitional cell carcinoma
cell lines, acquired multidrug resistance 234
renal transplant recipients: influence of compound analgesics 229
Transsexual, male-to-female, metastatic prostatic carcinoma (case report) 776
Tuberculosis, relief of urinary tract obstruction to improve renal function 199
TUNEL technique, detection of apoptosis in renal cell carcinoma 9
Tunica vaginalis, incision during Palomo procedure, effect on incidence of post-operative hydrocele 612
Twins, conjoined, urological problems 905

Ultrasound
Doppler
colour Doppler imaging in management of Peyronie's disease 604
role of power Doppler ultrasound in diagnosis of acute pyelonephritis 360
imaging of massive bladder hernia (case report) 492
Urachus, benign teratoma (case report) 760
Ureter
dilatation, relevance of parity 682
ectopic trifid, causing recurrent acute epididymitis (case report) 164
obstruction secondary to hip prosthesis (case report) 333
single-system ectopic, draining ectopic dysplastic kidney 474
stents, ureteroscopic retrieval of proximally displaced stents using triradiate grasping forceps (point of technique) 758
stones *see* Stones, ureteric
see also Megaureter
Uretero-enteric fistula (case report) 162
Ureteroscopy
laser, comparison with ESWL in treatment of mid- and lower ureteric calculi 31
rigid, pregnant women 678
Ureterosigmoidostomy
by direct interposition of ileal loop with a valve (point of technique) 156
modified (Mainz II): technique and early results 247
Urethra
dilatation for dysfunctional voiding in child, periurethral haematomas following (case report) 920
diverticulum, mesonephric carcinoma (case report) 637
pendulous, ectopic prostatic tissue in (case report) 326
primary localized amyloidosis, in woman (case report) 918
squamous cell carcinoma arising in peri-urethral cyst (correspondence) 657
stents: histological changes associated with long-term stents 745
Urethral cyst, parameatal, identification of prostate-specific antigen in (case report) 170
Urethral strictures
balanitis xerotica obliterans, urethroplasty for 735
management in community with high incidence: cost-benefit analysis 741
use of buccal mucosa in substitution urethroplasty 738
Urethro-vaginal fistulae, urodynamic findings 539
Urethroplasty
balanitis xerotica obliterans 735
substitution, use of buccal mucosa 738
Urethrovesical anastomosis, needle-pusher for urethral suture placement (point of technique) 488
Urinary diversion
after cystectomy, evaluation of quality of life of patients 699
low-pressure rectosigmoid pouch created by side-to-side anastomosis with stapling technique and sigmoid colon intussusception as antireflux procedure 856
ureterosigmoidostomy
by direct interposition of ileal loop with a valve (point of technique) 156
modified (Mainz II): technique and early results 247
see also Neobladder
Urinary tract
lower *see* Lower urinary tract
obstruction *see* Obstructive uropathy
upper, transitional tumours, clinical review of 100 surgically treated patients (correspondence) 780, 781
Urine
acute retention
interstitial radiofrequency therapy of prostate 726
management of men undergoing prostatectomy 712
inter-α-inhibitor in 20
Urodynamics
ambulatory, reduction of artefacts 211
cystometry in infants and children 468
effect of sacral posterior rhizotomy on autonomic hyper-reflexia in spinal cord injury 73
effect of urethral instrumentation on pressure-flow study values in patients with lower urinary tract symptoms 206
urogenital fistulae 539
vesico-ureteric reflux in infants 461
Urolithiasis, inter-α-inhibitor in 20
Urological surgical practice in Britain: renal, bladder and testis cancer 513
Urostomy, eversion, seromuscular myotomy in (correspondence) 654

Varicocele
incision of tunica vaginalis during Palomo procedure, effect on incidence of post-operative hydrocele 612
outcome of varicocelectomy in subfertile men with absent or atrophic right testis 750

Vas deferens
congenital bilateral absence: correlation of genito-urinary anomalies, semen analysis and *CFTR* genotype with 614
double (case report) 647
Vasectomy: timing of post-vasectomy seminal analysis 458
Vasoactive intestinal polypeptide (VAP), erectile dysfunction resistant to other intracavernosal agents 437
Vasovasotomy using albumisol solder with argon laser (point of technique) 628
Vena cava, inferior
renal angiomyolipoma tumour thrombus in (case report) 773
renal cell carcinoma extension, transhepatic venous collaterals arising from (case report) 501
Vesico-ureteric junction
in primary obstructive megaureter associated with ectopic ureteric insertion: three cases 580
structure and autonomic innervation in cases of primary ureteric reflux 146
Vesico-ureteric reflux
patients with ileal orthotopic bladder 241
structure and autonomic innervation of vesico-ureteric junction 146
urodynamic patterns in infants 461
Vesico-uterine fistulae, incidence and cause (correspondence) 341
Vesico-vaginal fistulae, urodynamic findings 539
Voiding
dysfunctional, urethral dilation and subsequent periurethral haematomas in child (case report) 920
symptoms, accuracy of frequency–volume chart 709
von Hippel–Lindau disease, early-onset renal cell cancer and bilateral epididymal cysts as presenting symptoms (case report) 915

Walsh, Anthony, obituary 778
Wombat, uninhibited bladder (case report) 641

X-ray, assessment of prostatic symptoms 257
